

ACCESS MANAGEMENT SOLUTIONS

MASTER LOCK® VAULT ENTERPRISE

The **Master Lock** Company

Advanced Security and Access Management System

Master Lock, the industry's security leader for more than 100 years, is changing the way businesses of all sizes securely manage access to many doors and locks across a single team or an entire enterprise. Our new Master Lock Vault Enterprise software, designed for commercial use, and suite of *Bluetooth*® enabled hardware provide the most convenient way to control access, manage assets and improve accountability. This proven security innovation eliminates the cost, security risk and complexity of physical key management.

Smart. Simple. Secure.

- Integrated software platform enables you to grant access to individuals, multiple users and user groups—temporarily or on an ongoing basis
- User-friendly interface and Bluetooth technology provide fast and easy access
- Real-time access control optimizes scheduling and enhances security

INNOVATIVE FEATURES:

- Efficiently manage access to ensure the right users have the right access
- Simplify security set-up with bulk user and lock uploads
- Map lock, lock box and door locations via smartphone
- Easily monitor access and access history with robust data and audit trails
- Confidently provide back-up access entry method for locks and lock boxes with manual, directional or numeric code
- Leverage the security of 256-bit, military-grade encryption

The Simplicity and Savings of Keyless Security

Combine the cost benefits and convenience of keyless security with the control, flexibility and accountability of Bluetooth enabled hardware and integrated Master Lock Vault Enterprise software. This integrated solution provides efficient and effective administration of security management and user access.

Facilities

NO KEYS TO LOSE • NO COMBINATIONS TO FORGET • NO UNAUTHORIZED KEY DUPLICATION

- Secure buildings, areas, materials, equipment, keys or keycards
- Easily assign access to groups or individuals by time and date
- Efficiently manage access to many doors and locks by many users
- Increase accountability and efficiency with audit trail

Real Estate

NO CONTRACT REQUIRED • FLEXIBLE PAYMENT OPTIONS • ASSOCIATION-WIDE OR AS A SECONDARY ENTRY OPTION

- Share access quickly and easily with showing agents, contractors, inspectors or even homeowners
- Conveniently schedule temporary, permanent or future access
- Monitor activity by device and user
- Integrates with ShowingTime®, the real estate industry's leading showing management technology provider (nominal ShowingTime service fees may apply)

“Southwest Airlines is known for providing superior customer service, and our daily operations play a key role in our success. In a busy, time-driven environment like an airport, it’s critical that we can effectively and efficiently manage access to our tugs so they’re available when and where employees need them. Master Lock Vault Enterprise checks those boxes and I’d recommend the solution to any operations team looking for a better way to manage access to the many locks within their facility.”

Pat Brumm, Manager, Southwest Airlines at Denver International Airport

Flexible Asset Management

Whether it's one door, one lock or thousands, Master Lock Vault Enterprise provides unmatched security, simplicity and accountability. With the convenient web interface, administrators can remotely grant or revoke access for an individual or group, a single lock or system-wide. The software maintains detailed access history—including unlock, open and relock activity—by each user and lock.

- Simple configuration to enable system-wide customization
- Create multiple subgroups and individualize access levels
- Review robust audit trail by user and lock

Around-the-Clock Access

Our included, easy-to-use smartphone app eliminates the need for physical key management and PINs, lowering costs and enhancing security. Authorized users enjoy simple, secure access to doors, locks or lock boxes with the Master Lock Vault Enterprise app, as assigned, temporarily or on an ongoing basis.

CUSTOMIZED

“The Master Lock Vault Enterprise system allows us to give access to key people during a property closing process. I can grant secure access without having to leave the office and meet each person. This is a huge time saver and allows my staff to stay focused on other tasks.”

Nicole Martyniuk, Real Estate Office Manager

Bluetooth Enabled Hardware

The Master Lock Vault Enterprise suite of Bluetooth enabled products can be mixed and matched to meet your facility's security application needs. Administrators experience the convenience of simplified access management and authorized users open assigned locks and doors with their smartphone.

INDOOR PADLOCK

Secure cabinets, lockers and indoor storage areas.

OUTDOOR PADLOCK

Secure outdoor equipment and materials, such as fences, storage sheds, garages and trailers.

PRO-SERIES BLUETOOTH PADLOCKS

Available in three models—standard, long and anti-cut shrouded shackles. All three feature:

- Flexible access via mobile app or the easy-to-use 10-digit keypad for manual code entry
- Enhanced weather resistance—snow, rain and temperature extremes
- Designated area for lock identification

PORTABLE LOCK BOX

Easily install over door knobs or on gates for short-term property access.

WALL-MOUNT LOCK BOX

Install permanently to walls or cabinets to provide access to sites or equipment keys.

DOOR CONTROLLER

Wire to doors to provide secure access to buildings and restricted areas.

Efficient, Secure, Accountable

“Tracking down lost tools and equipment takes time and reduces productivity. With Master Lock Vault Enterprise, we know who used them last and where—and that saves money.”

Bryan Zavitz, Yard Supervisor, The Pike Company

“We want to serve our clients to the best of our ability, and this includes embracing technology that allows us to provide real-time information and the level of security our higher-end market expects and demands. Master Lock Vault Enterprise and Bluetooth lock boxes are far ahead of anything I’ve seen in the market. It’s the kind of product we need to take our business to the next level.”

Mark Siwec, Real Estate Broker
